The House Next Door
From our House to Yours...

A few words from our CEO, Jennifer Nadelkov

This newsletter marks its first time of being created from home rather than office and most likely being read by our community members and partners at home. COVID-19 is a pandemic that most of us did not imagine we would encounter in our lifetime. In this environment, as behavioral health care providers, The House Next Door had the responsibility and opportunity to continue providing services. Our staff swiftly and efficiently transitioned to Tele Work and Tele Health. While our service delivery model changed from in person face to face interactions to employing new telephonic or telehealth services, our staff worked hard to continue nurturing and empowering our community.

A quick transition to new ways of providing services, highlighted HND’s long history of turning on a dime. With support from our Board, strong leadership of Management Team and dedicated staff, we were able to quickly respond and continue meeting the needs of our community. HND is committed to ensuring continuity of services and will be here to assist in repairing our community on the other side of this crisis.
Thank you!

We nearly doubled the number of participants this year compared to last year for our annual The House Next Door Family 5K that was held on Saturday, March 7, 2020! Thank you so much to everyone who signed up to make this such a successful event. We greatly appreciate the support of all of our sponsors this year as well, especially AdventHealth, our Presenting Sponsor for the third year in a row!
Meet your neighbors, The House Next Door Family!

Meet Jude Singh, Therapist.

"The integral part of The House Next Door, from my perceptive, is families. This value of families is integrated into the fabrics of everything that is The House Next Door, especially for its employees. This virtue is evident for me through the sensitivity and actions of HND in valuing my family and my culture. The potency of this value for families forms the foundation of my work at The House Next Door as a therapist in working with children, adults and their families." - Jude

Meet Mary Thierry, WVHA Healthcard Specialist

"I love my work family because they are always supportive and appreciate me as me. I am a WVHA Health Card Specialist because I enjoy helping people and sharing my knowledge, compassion, and love for others."

- Mary

Meet Sharon Strickland, Administrative Assistant

"I love being a part of The House Next Door because the agency puts our clients needs first! Everyone's position is just as valuable as the others. We are a big family taking care of each other as well as our community. We are your village!"

Meet Mary Kamine, VPK Teacher

"Why am I a LHND teacher? My love is so strong for my students. I love watching them grow and learn, and teaching them how to be kind." - Mary
