With a Little Help from Our Friends

Well, the Holiday season has passed and all of us at The House Next Door (HND) hope that all of you enjoyed the season with your families. As we begin this new year, I'd like to look back at 2017 and thank the organizations, agencies, service clubs and individuals who helped us to make 2017 a success. Let's start with the “granddaddy of them all”, First Presbyterian Church who spearheaded the efforts to begin the HND back in 1976. Their congregation has stayed by our side all these years by leasing their building at 121 Pennsylvania for $1.00 per year. Our Therapists based there at 121 provided 2,981 hours of services to the families we serve and our Program staff provided an additional 9,526 hours of services to our families. Additionally, our monthly staff meetings and training are held in the Fellowship Hall and our monthly Board of Directors meet in the church conference room, all at no cost to HND! Do you have any idea how many of our families would not be able to receive services without First Presbyterian Church's in kind contributions to our agency?

Another longtime supporter is Larry Kent who has leased our Deltona Counseling Center property to us at a vastly reduced price for over 25 years. Our South Daytona and Flagler offices are leased at reduced prices by two of our partner agencies, Stewart-Marchman-ACT Behavioral Health Care and Family Life Center respectively. Additionally, our Homework Club is located at the West Volusia Police Athletic League building in Spring Hill at a reduced cost and the DeLand Police Department provides a part-time officer to the staffing. The cost savings provided by the in-kind contributions of these organizations and people allow our agency to provide services to well over 1,000 families that otherwise would go unserved!

Another huge supporter for the HND is the DeLand Breakfast Rotary which has supported us for over 25 years in so many ways! We would like to jointly recognize both Florida Hospital DeLand and the PALL Corporation and their staff who provided Christmas gifts over 30 families. This was the Hospitals thirteenth year helping our families and the PALL Corporation was on board for their second year.

Our 5th Annual “Dinner Next Door” was again provided by Cook’s Buffet and bakery, thanks to Mike, Star and Mike Jr. When we were at a loss for transporting our Homework Club kids from their schools to the Club, community advocate, Andy Ferrari and his company, A+ Rides, stepped in and took this on for us at vastly reduced prices. Two ladies from First Presbyterian Church, Esther Gould and Nancy Carbone, make a very special contribution to us, they make a quilt for every child that enters our Sexual Abuse Treatment Program. The quilt accompanies the child to their therapy appointment and goes home with them when they complete their therapy. We also would like to thank the members of our HND Board of Directors and the members of the HND Family Foundation for their contributions of their time, talent and treasure which is irreplaceable. There is a line that says “it takes a village to raise a child” but the HND line says “it takes a community to nurture and empower a family o help build stronger communities.”

New Program Model to Support Families:

C.A.R.E.S.

Strengthening Families...Whatever it Takes!

The House Next Door Family Support Services will incorporate a new program model with families on February 1. C.A.R.E.S. stands for Coordination, Advocacy, Resources, Education and Support. The program model is an evidence-based, family-centered, strength-based, community-driven model of care with the goal of promoting child abuse prevention and family preservation.

Families that are referred are typically experiencing some type of intense stressors and/or isolation that can often result in the child, or children, being removed from the home. The goal is to strategically reach families before the stressors they experience lead to child abuse and neglect.

Because families voluntarily enroll, millions of dollars are saved. Families have access to services provided to those involved in the formal dependency system without having to enter it. Dollars saved can be reinvested in the system of care to provide additional support services. The National Center for Innovation & Excellence reports that “the average monthly cost of court-ordered care for one child is approximately $2500, providing support services through the C.A.R.E.S. program costs only about $550 per month.”

Families enter the program with the vision statement, “Life will be better when...” as goals and outcomes are established. Additionally, the program provides the unique concept of “wraparound” and Family Team Conferencing support. Wraparound is the process of supporting and encouraging families toward their goals of safety and stability. Family Team Conferencing provides families with natural, as well as formal supports.

The program helps to remove the stigma of asking for support and an increasing number of families are asking for help before their situation becomes a crisis.

We look forward to providing services to our families with this unique program!
“DeLand Wings” Ornament
A Huge Success!

Thank you to our downtown DeLand vendors Erica Group and Cam Amici of “S.O. New York”, Tracey Word of “Sweet Little Things” and Sandy Chavez of “Lace and Accessories” for highlighting and selling the ornaments for the agency! And, thank you to the community for supporting our project! A special thank you to Erica Group for allowing us to use her image! (and best wishes on her recent marriage!)

Be on the lookout next year for our newest ornament!
